EDUCATION

B.Tech in Computer Science and Engineering, Trident Academy Of Technology 2022 – 2026

Bhubaneswar, Odisha

Relevant Coursework: Data Structures, Algorithms, Database Systems, Operating Systems

SKILLS

Programming Languages	Python , Javascript , Html
Frameworks & Libraries	React js , Express.js , Node.js , MongoDB
Tools	Github , VS Code
Soft Skills	Problem Solving, Team Collaboration, Communication

EXPERIENCE

Web Development Intern | Next24technology & Services | Remote Jun 2024 – Aug 2024

- Designed and developed responsive React.js UIs ensuring cross-browser and mobile compatibility across all major devices.
- Integrated RESTful APIs to connect front-end components with backend services, improving data load reliability.

Data Analysis Intern | CTTC – Central Tool Room Training Centre | Odisha, India Jun 2025 – Jul 2025

- Performed end-to-end data analysis on 500+ row manufacturing datasets using Python (Pandas, NumPy) and Excel — covering cleaning, transformation, and statistical analysis.
- Built visualisations with Matplotlib and Excel charts to surface actionable trends used in internal team reporting, improving decision-making efficiency.
- Standardised datasets and resolved data inconsistencies, significantly improving downstream report accuracy.

PROJECTS

Electrostore – E-Commerce Platform — React, Node.js, Express, MongoDB

- Built a full-stack electronics store with separate user and admin dashboards, product catalogue, JWT authentication, role-based access control, and secure checkout flow.
- Implemented full CRUD operations for product management and optimised MongoDB queries with pagination, reducing average page load time by ~30%.

Bike Rentals App — React, Node.js, Express, MongoDB

- Developed a full-stack bike rental platform with real-time availability management, slot booking, and double-booking prevention via RESTful APIs.
- Implemented secure user authentication, admin controls, and documented all API endpoints using Postman for team reference.

Superstore Sales Analysis

- Conducted Superstore Sales Analysis using Python and Excel to uncover sales trends, customer behavior patterns, and profitability insights.

EXTRA-CURRICULAR ACTIVITIES

- Participated in coding contests or hackathons.
- Solved problems on GeeksforGeeks, strengthening core Data Structures and Algorithms knowledge.
